

## Resource format preferences across the medical curriculum

Keith M. Pickett, MLIS

### APPENDIX

#### Questionnaire

The purpose of this questionnaire is to determine the preference of print versus electronic resources at key points across the medical curriculum. Your participation is voluntary. All responses will be anonymous and confidential.

1. In general, how do you prefer to read *books*? (check one)

- Print
- Electronic
- No preference

Why? \_\_\_\_\_

2. If both formats are freely available and access is not an issue, how would you prefer to read *medical textbooks required in the curriculum*? (check one)

- Print
- Electronic
- No preference

3. If both formats are freely available and access is not an issue, how would you prefer to read *articles and/or book chapters that are under ten (10) pages long*? (check one)

- Print
- Electronic
- No preference

4. If both formats are freely available and access is not an issue, how would you prefer to read *articles and/or book chapters that are ten (10) pages or longer*? (check one)

- Print
- Electronic
- No preference

5. If you were giving a colleague an *article or book chapter* to read that is *critical to the care of a particular patient*, what format would you give him/her? (check one)

- Print
- Electronic
- No preference
- Why? \_\_\_\_\_
